ONE INFLUENCER. ONE JV. ONE EXCLUSIVE OPPORTUNITY.

We are not looking to hire you. We are looking to build something with you.

Dear Influencer / Content Creator:

YOU ALREADY BUILT THE HARDEST PART

You built an audience, earned attention and developed trust. Legacy IMO, Inc. is looking for one qualified influencer to turn that audience into something much larger than another sponsorship check.

No salary. No ordinary affiliate arrangement. Our goal is a properly structured joint-venture and revenue-sharing relationship with a qualified partner who wants real participation in the business created.

WHY THIS OPPORTUNITY MATTERS

LION — Life Insurance Optimization & Navigation — creates educational content around questions consumers already ask about retirement assets, taxes, life insurance, business wealth, asset protection and legacy planning. The right influencer brings the audience, personality and distribution; Legacy IMO, Inc. brings the planning concepts, case-development resources and implementation infrastructure.

ONE EXCLUSIVE POSITION

We are deliberately selecting one influencer for this role. We are looking for integrity, transparency, audience fit, professional business practices and the ability to make sophisticated financial ideas understandable and compelling. The first qualified partner who completes due diligence and reaches a final written agreement receives the opportunity.

THE INVITATION

If your audience includes business owners, investors, professionals, real-estate investors, retirees, pre-retirees or higher-income families, we would like to show you the LION platform, content strategy, lead-generation model and potential JV economics in a private presentation.

Past partner results are not guarantees or projections. Any compensation or JV structure is subject to applicable licensing, advertising, endorsement, insurance, securities, referral and other regulatory requirements.

Sincerely,

Thomas C. Cook, Esq.

Legacy IMO, Inc.
